

CapSciComm Science Tour

Sac Valley Conservancy Hike!
Saturday, April 28, 2018 • Deer Creek Hills

Ready to hike a little slice of Sacramento's wilderness?

Join CapSciComm and the Sacramento Valley Conservancy this April as we explore the Deer Creek Hills Preserve — 4,000 acres of rangeland, oak woodlands, grasslands, and seasonal creeks just a short drive from Sacramento. We'll hear about the area's botany, birding, history, geology, and more, and get to know our Capital Region nature a little better!

Tickets and information on our website!
